Published under the Authority of
The Honourable Monte Kwinter

THE HONOURABLE MONTE KWINTER
REGISTRAR GENERAL

Foreword

I take pleasure in presenting the 112th Vital Statistics Report compiled by the Office of the Registrar General. This report is prepared in two parts.

Part I consists of an analytical survey of the vital statistics of the Province in the form of summary tables. Its objectives are to indicate the trend over the past several years, to bring to light several major causes of death and to summarize vital statistical data for 1983.

Part II comprises detailed tables covering various aspects of vital statistics for the Province of Ontario in 1983.

In conclusion, may I state that, while this report is primarily of interest to certain professions and agencies, it will give other interested persons an insight into the vital statistics concerning births, deaths and marriages in the Province of Ontario.

A handwritten signature in dark ink, appearing to read "Atkinson", is written in a cursive style. The signature is positioned above the printed title "Registrar General".
